

Phone-In FREEZE CHECKER™

Now you can phone your home or cabin from anywhere to check for furnace failure.

- **Connects in seconds**
- **Works with existing phone line**
- **Plugs into any phone jack**
- **Set FREEZE CHECKER at 40, 46 or 52 degrees (F).**
- **To use, simply call the existing phone number. Continuous ring indicates normal temperature. If the phone answers and a tone sounds, temperature is at or below the set point.**
- **No batteries required.**
- **FCC approved.**
- **One-year limited warranty.**
